# PAY IT FORWARD

## Parents need to know...

Last year, your child had an anonymous supporter in our program. This generous person volunteered several hours each month to make *your* child's experience in Head Start possible this year.

You have the opportunity to **"pay it forward"** by volunteering your time ...just as this wonderful gift was given to your child by someone who came before you in this program.

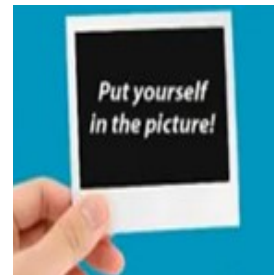

We can't do it without you! Without the kindness of parents and community members, our programs will end.

## Put Yourself in the Picture.

The Head Start and Early Head Start Programs strongly encourage parent involvement. A parent is a child's first and best teacher, and we want to partner with you!

Are you a great cook? Talk to your teaching staff about getting involved with your

child's nutrition experiences. Do you play the guitar? Volunteer to help lead a classroom with music. The possibilities are endless!

Examples of activities that you can do to help:

- Serving on the Policy Council
- Volunteering in the classroom
- Assisting on a field trip
- Preparing activities from home or other tasks that support the Programs' curriculum

By getting involved, you're not only contributing to your own child's educational experience, but you're making this opportunity available for more children, next year and for years to come.

## What is In-Kind?

We must match 20% of our funds through donations.

In-kind is *volunteerism* which is the best way for us to reach that requirement. We generate dollars through *time* that parents and community members spend within the Head Start and Early Head Start Programs.

Just a little bit of your time can help guarantee that we are able to provide services for another year.

## Now What?

Will you pay it forward? Talk to your teacher or any staff to learn more about ways to keep Head Start and Early Head Start available to others.
